Graduating Class of Weequonoc School Visits Places of Interest in New London—Ball Game Between Wheel Club Teams.

Mr. and Mrs. William Pollard of Providence street are visiting in New Bedford this week.

The graduating class of the Weequonoc school, numbering fifteen, accompanied by Miss Grace Adams, enjoyed the usual outing given to this class each year. The class went down the river in Wheeler's launch to New London, where they paid visits to the Nathan Hale schoolhouse and to Fort Rumbolt. The children found it a very instructive and delightful trip.

Leonard B. Prentice has returned to his home on Slater avenue for the summer vacation after completing the year at Blackhall in East Lyme. Mr. Prentice will return to the same school next September.

A ten inning game between two teams from the Fennell Wheel club, captained by Parsons and Myers, furnished plenty of excitement to the members of that club last Saturday. Parsons' team won, 8-7. With one out in the tenth Tom Brown lined out a two batter and scored. Parsons' single. Parsons was knocked out of the box in the third, and Stone went in, pitching in fine form and allowing but one hit during the remainder of the game. The teams are scheduled for a second game in three weeks.

Their lineups were:
Team No. 1—Brown, c; Parsons, p; Stone, p; Frohman, 1b; Emerson, 2b; Abert, 3b; Stone, ss; Nevins, lf and ss; Seidel, c; Read, rf.
Team No. 2—Roberts, c; Meyers and Roberts, p; T. Breault, 1b; Herd, 2b; Meyers and Hedler, 3b; Schofield, ss; T. Breault, lf; Desjardins, rf; Umpire, Krodell.

ORGANIZATION OF WATER BOARD

Ansel A. Beckwith Re-elected President while Supt. Burman, Cashier Ives and Inspector Corey were Reappointed

The members of the board of water commissioners, which now includes Ansel A. Beckwith, Albert S. Comstock, Hugh Blackledge, John T. Ryan and Errol C. Lillibridge, met at the office of the board in city hall on Thursday afternoon for the purpose of organization. The two members elected this year were Messrs. Comstock and Lillibridge, while Mr. Blackledge was re-elected to the board by the council for another year.

The board organized by the selection of Hugh Blackledge as temporary chairman and president of the board. Ansel A. Beckwith, who was at the head of the board the past year with so much credit to the board and to the city, was re-elected to the board and the deliberations this year. The board also decided to reappoint all the officials of the past year, which is very complimentary to them and indicates that their work met with approval of the public.

The session of the board was a short one, although it was delayed somewhat by the lateness of one of the members, but it did not take long to enact the organization once the meeting was opened. Another meeting will be held soon to consider department matters.

The court of common council meets tonight, at which time it is expected that the board of water commissioners of the city government will be selected for the ensuing year.

New Haven Road's New Bridge Across Thames and Elimination of Grade Crossing.

A New Haven despatch Thursday said:
It was stated by a leading general official of the New York, New Haven and Hartford Railroad company last night that the new bridge over the river this year, outside of the Bristol terminal, will consist largely of the elimination of grade crossings in various parts of southern New England.

At New London a sweeping change is coming. There is a plan on foot there to turn the present Thames river bridge into a trestle, and that city over to New London, if the latter city will take it.

Whether New London takes the trestle or not, the road is upon the eve of constructing a new steel bridge over the Thames at New London just north of the present structure, for its New London and Boston traffic.

The river bridge will carry four tracks. It will be a very expensive affair, and must be built at once as a matter of economy, the old bridge having failed so far that the ordinary double track service has had to be brought on to a single track basis.

When this new bridge comes the grade crossing in front of the Cuddy garage will be eliminated. The Cuddy garage will be eliminated. The Cuddy garage will be eliminated.

Local relatives on Thursday received postcards from Mr. and Mrs. Stewart Murray announcing their safe arrival at Glasgow after a pleasant voyage across the Atlantic.

CUT GIRL'S HAIR.

Action Threatened by Father Whose Child Lost Braids.

At Meriden a suit for damages for lost hair is threatened by John Hoffer, a clerk, who has employed counsel. Hoffer and his wife are living apart and he has the care of two children, one of them a girl of 13 years. He placed her with a family and was surprised and grieved, he reports, to find when he called to see her the other day that her long braids had been clipped short by the boarding mistress.

Hoffer lost no time in consulting counsel and wants to have suit instituted for an act which he considers almost in the light of a disfigurement of his child.
